XR(H/V) (1000 TO 1350 CFM) EXCEL

Drilling Made Easier, Faster And More Cost Effective

■ Performance ■ Versatility ■ Service Efficiency
■ Better Transportability ■ Resale Value ■ Safety

Atlas Copco

XR(H/V) (1000 TO 1350 CFM) EXCEL

Drill More. Get More

Atlas Copco is the one of the leading manufacturers of portable compressors in the world. Used in a wide variety of industries, Atlas Copco has developed a set of machines that successfully walk the line between size, output and capacity.

Benefits :

- Best productive solution for borewell drilling
- Optimal free air delivery and pressure
- Best productivity with best in class fuel economy
- Maximum flexibility of drilling to greater depths
- Value for money compressor

Aesthetically Superior
Light weight (5100kgs), closed door operation and less noise

Power Packed Engine
Cummins KTA-1150-C engine with 585 HP

Easy Access
Door enabling easy access for replacement of Fan Belt, cleaning of Radiator & Oil Cooler

Spacious Canopy
Spacious canopy enables easy serviceability, & less number of hoses reduce maintenance cost

Unique Design
Unique un-loader design lowers engine rpm during partial load by keeping air intake fully open. Hence fuel consumption is low at partial load

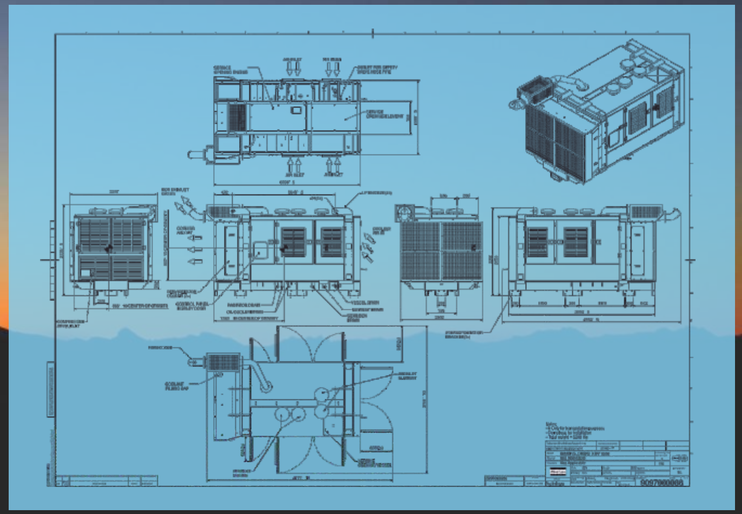

Superior Technology
Efficient asymmetrical screw profile

TECHNICAL SPECIFICATIONS

	XR1000	XRH1100 Excel	XRV1200 Excel	XRV1350
Flow (l/s)	490	519	568	637
